Have someone print your name with yellow marker, then trace it.
Try printing your name on the next lines.

Handwriting practice lines consisting of solid top and bottom lines with a dashed middle line for tracing.

Read this with me:

In this little book, the girl has been given an empty paper towel tube. She plays with it as if it is a spyglass. She looks through it to see what her friends are doing. Have you played like this before?

When God sees us, we may imagine he looks down from heaven with a big spyglass, but God sees us much clearer than that. God knows when we are sad or angry or lonely, even if we are smiling. He knows when we are filled with joy, even if we've turned out the night light. How lovely it is to have a creator that cares about how we are on the inside no matter how we look on the outside!

1 Samuel 16:7
Psalm 51:10

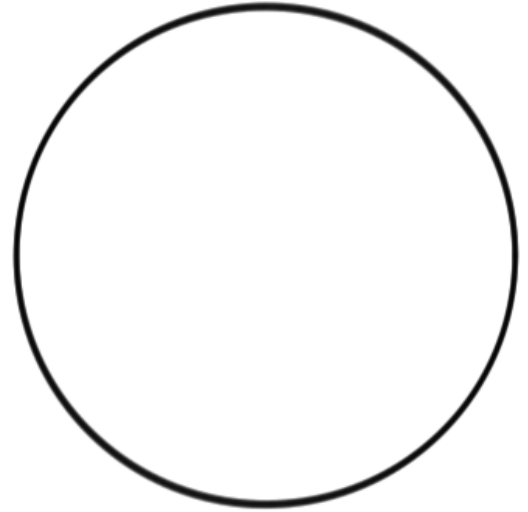

Thinking Time

Why do you think the cat ran up the tree?

Does a paper towel tube work just like a spyglass?

How can you see what is in someone's heart?

Draw what you can see through a spyglass.
